(B)—SUBJECT INDEX.

In this section of the Index the notices are entered in such a way as to enable all references in the "Journal" to similar goods and similar matters to be readily found. For this purpose most of the notices are grouped under comprehensive headings, and are not entered separately under the heading of the particular article, &c. In some of the more important cases, however, a cross-reference will be found. The following is a list of some of the sections used, with a rough analysis of their contents:—

	See Heading.
Openings for accessories for railway construction, railway material and rolling stock	Railway material.
Openings for accessories for tramway construction, tramway material and rolling stock	Tramway material.
All other notices respecting railway construction, traffic, rates, etc.	Railways.
Openings for port and harbour works and plant and material therefor, dredging, and river improvement works	Harbour works.
Notices respecting ports, steamship services, canals, and waterways; vessels of all kinds (except dredgers) and construction thereof	Shipping and Shipbuilding.
Mineral deposits and production, mining regulations, unmanufactured metals (except as regards certain of the most important minerals, such as coal, iron, mineral oil)	Mining, minerals, and metals.
Agricultural, mining, and industrial plant (except electrical plant, etc.)	Machines and machinery.
Iron ore, and manufactured iron and steel	Iron and Steel.
Small metal goods, tools, cutlery, etc.	Ironmongery and hardware.
Electric generating, conducting, and lighting plant (except for railways and tramways), telegraph and telephone material	Electrical material.
Sanitation, sewerage, and water supply of towns	Sanitary and water supply works.
Motor and other vehicles	Vehicles.
Raw textile materials	(Under their respective names)
Cloth and other textile goods	Textiles.
Wearing apparel	Clothing.

In the Subject Index, tender notices and commercial enquiries for agencies and agents, &c. (which are of purely passing interest and usually out of date by the time of the publication of the Index) are not entered at all; they may be found under the various countries in the Geographical Index.

Notices of tariff changes and customs regulations are not indexed according to subject, except in the more important cases, owing to the impracticability of giving references to each article.
